Abstract Reviews the book, Developmental psychology by Elizabeth B. Hurlock (see record 1954-05704-000). "The purpose of this book is to give as complete a picture of the developmental changes of the total life span of the human being as is possible within the two covers of one book."

### Review of Developmental psychology.

About the Book: A classic one with pretty lucid language. Writing style, description, and structures are good. Helpful as an introductory book for developmental psychology. I think, a little dated if you need more and more current and detailed information. But for understanding the conceptions, it's the best in this field of "development".
