To meet this need, Understanding NLP: Principles and Practice will enable you to enrich your understanding of the basic patterns discernable in NLP. This will take you into big chunk generalisations, recognising paradigms which run throughout our civilisation's endeavours to

explain what it means to be a human being.

### **UNDERSTANDING NLP - crownhouse.co.uk**

In Understanding NLP Principles & Practice, Peter Young has managed to compile a book which does exactly what it sets out to do " to provide a text which describes NLP practice and its origins. He does it in a way which is easy to follow and understand, using a number of models which seek to integrate the practice strands, and using a range of metaphors from film " he is particularly fond of the Wizard of Oz " and other stories.

Second, it might be taken to suggest that learners need to attend only to the graphic or phonetic instantiations of linguistic forms. However, theorists such as Schmidt and Long are insistent that focus on form refers to form-function mapping (i.e. the correlation between a particular form and the meaning(s) it realises in communication).
